As part of this program, GSTMW places eligible young adults with local employers, and pays for up to 90 days of their employment. GSTMW has a contract with Intelligen-Ashlor Staffing to provide payroll services to participants of this program. Intelligen-Ashlor is considered the Employer of Record for youth participants, with GSTMW holding the administrative contract. Employers who are housing our work experience participants are considered Work Sites – responsibilities of the work site are discussed in more details in the Work Site Agreement packet.

Further questions regarding the program can be directed to myself or your assigned Business Services Representative, Kathy Leslie.

Dear Friends,

Welcome to the most recent edition of my monthly e-newsletter.

Below you'll find news out of our state capital and the 31st Senate District that I hope you find helpful and interesting.

As always, my staff and I are here for you. My priority is to listen and understand the issues facing the individuals and families across the state. Please continue to share your thoughts with me at SenKDaley@senate.michigan.gov or at 517-373-1777.

Thank you for allowing me to represent you in the Michigan Senate. I am grateful each and every day to work for the people of the 31st Senate District.

Sincerely,

Kevin Daley
State Senator
31st District

Daley secures funding for special 31st District Projects

I was proud to help secure funding for several projects for the 31st District in the fiscal year 2023 budget.

Under the plan we sent to the governor, the Lapeer Child Advocacy Center would receive \$500,000 to construct a new building and help better serve area residents. The plan also includes \$1.4 million for the Akron Road bridge repair project in Tuscola County.

This funding ensures that these projects can move forward and continue to benefit everyone in the community for years to come. It has been a priority of mine to listen to the needs of the people I represent, and when the need for assistance with these projects was brought to my attention, I worked to make it possible.

The final budget approved by the Legislature will now go to the governor's desk for her consideration, and I hope her signature.

Senate Bill 814 passes Senate, currently before House committee

The Senate recently passed my legislation that aims to bring Michigan to the forefront of domestic energy production using clean biofuels produced with renewable energy from Michigan farms.

[Senate Bill 814](#) would create a tax credit for retailers who choose to sell alternative fuels. The bill would create a 5-cents-per-gallon tax credit for the sale of E-15 fuel and 8.5-cents-per-gallon tax credit for the sale of E-85 fuel. Both credits would expire after five years unless renewed by the Legislature.

With gas prices at an all-time high, it is more important than ever that we provide a cheap and clean alternative to traditional gas — my legislation will do just that.

A recent Harvard study confirmed that prioritizing ethanol can lower gas prices by 27 cents per gallon. This legislation could put us in a position to boost Michigan's production and economy, while also fighting back against unpredictable and record prices at the pump.

I hope to see this measure signed into law.

Senate passes tax cuts for Michiganders

While Michiganders are struggling, state government has continued to grow.

I joined my Republican colleagues in approving a massive, \$2.5 billion tax cut that would put this record surplus in state revenue back in the pockets of the Michiganders who worked to earn it. At a time when Michiganders are struggling with higher grocery and gas bills, I voted to get government out of your pockets and allow folks to keep more of their hard-earned money.

We approved bills to lower the state income tax, create a \$500 per child tax credit, and reduce taxes for seniors and veterans. This was a major step to reduce the tax burden on families and seniors who have built their life around a fixed income, while also recognizing the tremendous sacrifice veterans have made for all of us.

We voted to suspend the state taxes on gas to save Michiganders money at the pump as prices rose to record highs, and while the governor called on the federal government to act.

When the federal government failed to act, we did.

Unfortunately, both of these measures were vetoed by the governor for not meeting her standards.

After the governor vetoed these measures, and as she asked the federal government for help a second time, Senate Republicans again introduced an effort to help reduce the burden on Michigan drivers. We also set money aside in the budget to cover potential tax relief efforts in the future.

It appears the governor forgot that it's not about what she wants, it's about what will help Michigan workers and families. I'll keep voting to put these efforts on her desk.

Daley speaks at Gift of Life rally

On Tuesday, June 21, I joined Gift of Life Michigan members and residents from across the state on

the Michigan Capitol steps. I was happy to participate in the event and share the importance of the work Gift of Life Michigan does and the story of my son, Thomas, whose life and legacy live on in others today.

AMENDING FEE CAP FOR HOME HEALTH PROVIDERS UNDER No-Fault

The following preamble and resolution were offered by Commissioner L. Howard and supported by Commissioner W. Nystrom:

WHEREAS the Michigan No-Fault Auto Insurance Reform Act of 2019 introduced a fee cap, which took final effect on July 1, 2021; this cap set percentage limits on how much residential care facilities, home health care providers, and other persons can be reimbursed for providing treatment/care to auto accident victims; and
