## FREQUENTLY ASKED QUESTIONS about the Day of Review of Drainage District Boundaries

### *What is a Day of Review of District Boundaries?*

The Michigan Legislature passed a law in 2013 to allow revisions to historical drainage district boundaries when recommended by a licensed engineer.

Property owners can review changes with the Drain Office staff during the Day of Review. The proposed boundary revisions can be found on the map on the reverse side of the notice and in more detail at the Tuscola County website at: [www.tuscolacounty.org](http://www.tuscolacounty.org).

### *What is a Drainage District?*

A drainage district is the land area that benefits from the drain. The drainage district makes up the watershed that contributes water to the drain. Each property and municipality within the drainage district pays for maintenance and improvement of the drain.

### *Why are the boundaries being revised?*

Revisions are recommended because the historic drainage district boundaries do not accurately reflect the current watershed of the drain.

### *Why did I receive a notice?*

Notices went out to the following property owners:

- ***Properties being added to the Drainage District.*** The properties were not previously in the drainage district, but the engineers determined that the properties are within the drain's watershed.
- ***Properties being removed from the Drainage District.*** The properties were previously in the drainage district, but the engineers determined that the properties are not in the drain's watershed.
- ***Properties currently in the Drainage District and proposed to remain in the Drainage District.*** There is no change in terms of boundaries for these properties.

### *Do I have to attend the Day of Review?*

You are not required to attend the Day of Review.
